How to use the Grip All-in-1 Phone Mount?

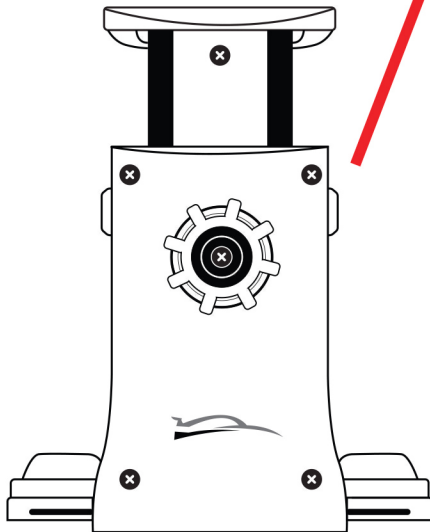

STEP 1: Attach desired mounting adapter to tablet holster and tighten the knob to fully secure.

insert ball of mount into hole on the back of the tablet holster and tighten.

Included adapters: Adjustable Suction Arm Mount (B), Cup Holder Suction Adapter (D) and Headrest mount (E).

STEP 2: Expand phone holster by pressing release button on back.

***Side buttons
expands neck***

STEP 3: Press and hold release button to securely fit holster to your phone. Release the button to lock in the desired position.

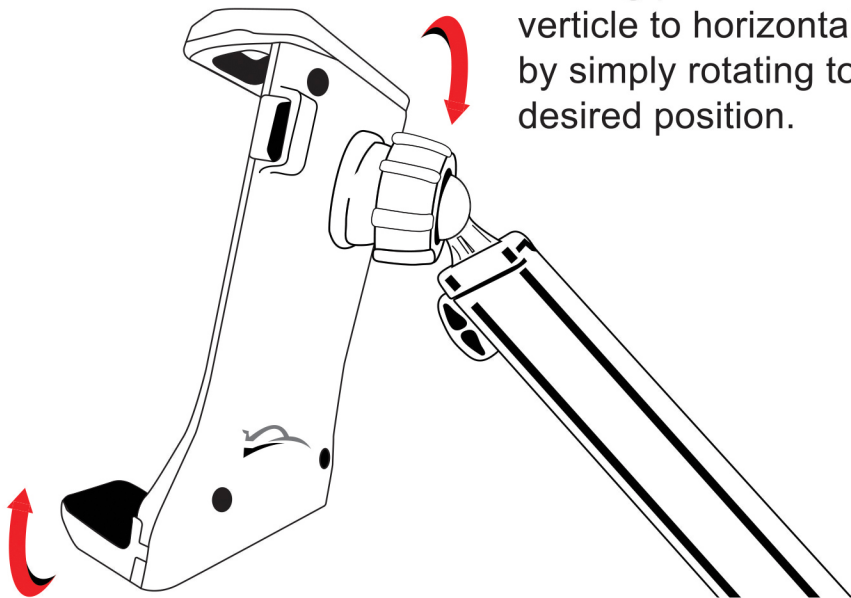

NOTE: To remove your phone, press the release button on the upper back of the holder to open clamps.

***Sliding legs
with padding***

Rotate from Vertical to Horizontal Viewing:

Swivel tablet to desired viewing position once installed.

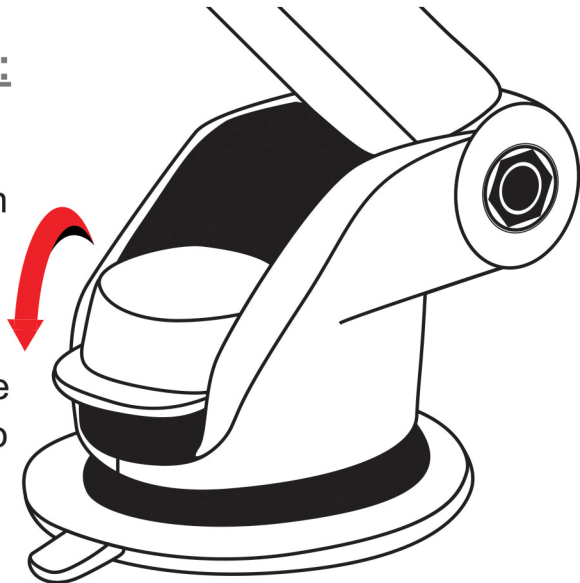

Once tablet and mount are secured into position, you can freely change the viewing position from verticle to horizontal, by simply rotating to desired position.

Suction Mount:

1) LOCK:

Slide the tab down to secure suction to surface.

2) UNLOCK: Slide the tab upwards to release suction.

remove clear film beneath suction before use.

Suction Grip surface pad

NOTE: Place grip pad under the suction for some surfaces.

Cup Holder:

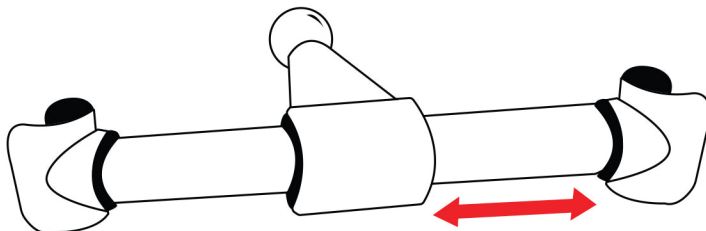

Twist top to unlock.

*Brackets retract
when placed
in cup holder*

Headrest Mount:

Spring mechanism
allows arm to retract.
